

# CURRENT LIST of MEDICAL LITERATURE

Vol. 14

March 5, 1948

No. 8

## SUBJECT GROUPS ACCORDING TO JOURNALS

- |                                      |                                       |
|--------------------------------------|---------------------------------------|
| * 1. Anatomy; Histology              | 26. Infectious Diseases; Epidemiology |
| 2. Anthropology; Ethnology           | * 27. Medicine                        |
| 3. Archeology; Paleontology          | 28. Metabolism                        |
| * 4. Aviation Medicine               | 29. Military and Naval Medicine       |
| * 5. Bacteriology; Parasitology      | * 30. Miscellaneous                   |
| * 6. Biology; Embryology             | 31. Neurology; Psychiatry             |
| 7. Bone; Joint; Extremities; Muscle  | 32. Nursing                           |
| * 8. Cancerology                     | * 33. Ophthalmology                   |
| * 9. Cardiovascular System           | 34. Otorhinolaryngology; Phoniatry    |
| * 10. Chemistry; Physics             | 35. Pathology                         |
| * 11. Dentistry; Stomatology         | * 36. Pediatrics; Child Welfare       |
| * 12. Dermatology                    | * 37. Pharmacology; Pharmacy          |
| 13. Diagnosis; Clinical Methods      | 38. Physiology                        |
| 14. Dietetics; Foods; Nutrition      | 39. Psychology; Mental Hygiene        |
| * 15. Digestive System               | * 40. Public Health; Sanitation       |
| * 16. Endocrinology                  | 41. Radiology; Phototherapy           |
| * 17. Forensic Medicine; Toxicology  | 42. Respiratory System                |
| 18. Genetics; Eugenics               | * 43. Surgery; Traumatology           |
| * 19. Gynecology; Obstetrics         | 44. Therapeutics                      |
| 20. Hematology                       | * 45. Tropical Medicine               |
| 21. History; Biography; Bibliography | * 46. Tuberculosis                    |
| * 22. Homeopathy; Osteopathy, etc.   | 47. Urology                           |
| * 23. Hospitals                      | * 48. Venereal Diseases; Sexology     |
| 24. Immunology; Serology             | * 49. Veterinary Medicine             |
| * 25. Industrial Hygiene; Sociology  | * 50. Zoology                         |

**THE ARMY MEDICAL LIBRARY****Washington, D. C.**

The **CURRENT LIST OF MEDICAL LITERATURE** is for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C. Price: \$3.00 per year (\$3.75 foreign); 10 cents per single copy. All communications regarding subscriptions should be addressed to the Superintendent of Documents.

Published weekly by the **ARMY MEDICAL LIBRARY** 7th Street & Independence Ave., S. W., Washington 25, D. C., as an intraservice publication of the Department of the Army. Lists all articles of medical interest contained in current journals received. Subject index provided monthly. Exchange invited.

# I. Anatomy; Histology

Anat. Rec., 1948, 100: No. 2 (Feb.)

- SULKIN, N. M., & GARDNER, J. H. The acid and alkaline phosphatase activity in the normal and recovering liver of the rat. 143-57, incl. pl.
- EVANS, F. G., & LISSNER, H. R. Stresscoat deformation studies of the femur under static vertical loading. 159-90.
- BOYER, C. C. The use of plastic in reconstructions from serial sections. 191-9, incl. pl.
- KAMPMEIER, O. F., & HAVILAND, T. N. On the mounting of anatomical museum specimens in transparent plastics. 201-31, incl. 5 pl.
- WELLS, L. J., WILLIAMS, R. B., & HOUSEHOLDER, J. H. Right diaphragmatic hernia with a supra-diaphragmatic lobe of liver without persistence of the pleuroperitoneal conal. 233-45, incl. 2 pl.
- LEWIS, W. H. Mitosis and cell size. 247-54.
- RONSTROM, G. N. A description and evaluation of methods used and results obtained in preparing, mounting, and preserving gross cross sections of the body. 255-8.
- TROTTER, M., & FINERTY, J. C. An anomalous urinary bladder. 259-69, incl. 3 pl.

## 4. Aviation Medicine

Méd. aéronaut., 1947, 2: No. 3 (March)

- BEYNE, J., & MONNIER, A. M. Etude comparative de deux méthodes de mesure de la vision du relief et des distances chez les aviateurs. 135-46.
- LEGEAIS, A. Les travaux expérimentaux des médecins allemands sur l'homme en camp de concentration ont-ils servi la médecine aéronautique?
- SANDERS, M. B. Les services médicaux de l'aviation civile aux Etats-Unis. 166-75.
- GALLOUIN, L., & GROGNOT, P. Dimensions de l'aire cardiaque du personnel navigant d'une formation militaire. 176-9.
- COUSTAING, P. Cantine d'odonto-stomatologie pour service dentaire mobile. 180-4.
- FOUQUIERES, DE. Sur le rôle du médecin de groupe aérien. 185-7.
- MALMEJAC, J., & LEMAIRE, R. Le traitement du mal de l'air. 189.

## 5. Bacteriology; Parasitology

Ann. Inst. Pasteur, Par., 1947, 73: No. 11 (Nov.)

- MACHEBOEUF & BLASS, J. Quelques détails d'application de la méthode microchromatographique des aminoacides de Consden, Gordon et Martin. 1053-65.
- BALTAZARD, BAHMANYAR & MOFIDI, C. Fièvres récurrentes transmises à la fois par ornithodores et par poux. 1066-71.
- NICOLLE, P., & MIMICA, M. Bactériophages et antiseptiques; analyse du phénomène de l'anneau de culture. 1072-81.

- WOLLMAN, E., jr. Essai d'analyse des besoins en tryptophane de mutants d'*Escherichia coli* résistants au bactériophage. 1082-8.
- LUTZ, A. L'action de l'aneurine et de ses constituants sur deux souches de bacilles paratuberculeux. 1089-1105.
- CUZIN, J., & SCHWARTZ, D. Etudes d'épidémiologie statistique de la mosaïque du tabac; essai d'analyse causale du taux d'endémie. 1106-13.
- DENTICE DI ACCADIA, F. Production d'acétylméthylcarbinol et de 2-3 butylène glycol par *Bacillus cereus*. 1114-6.
- SOHRAH, H. Modification de la composition du milieu de culture pour *Penicillium notatum*. 1116-8.
- POCHON, J., TCHAN, Y. T. [et al.] Recherches sur les processus biologiques d'ammonification dans le sol; ammonification et humification des terrains sableux. 1118-21.
- TCHAN, Y. T. Etude du métabolisme carboné du sol par la microscopie directe. 1121-4.
- PRÉVOT, A. R., & PAYRE. Etude de *Fusiformis golyomorphus* (Knorr) Bergey. 1124.
- PRÉVOT, A. R., & SAÛSAC, R. Recherches sur la production des phénols par les bactéries anaérobies. 1125-9.
- CHABBERT, Y., & SUREAU, B. Microdosage clinique des antibiotiques; adaptation à une méthode dérivée de la sille cell de la technique glucose-P. S. P. 1130-2.
- VIEUCHANGE, J. Caractères anatomo-pathologiques de la polymyélite expérimentale de la souris blanche (souche Lansing) 1133-5.
- VIEUCHANGE, J., & DESCOLA, P. Sur la réceptivité du rat du coton (*Sigmodon hispidus hispidus*) au virus poliomyélique (souche Lansing) 1135.
- VIEUCHANGE, J., & DESCOLA, P. Note complémentaire sur la réceptivité du singe callitriche (*Aethiops sabaeus*) à la souche Lansing de virus poliomyélique entretenue sur la souris. 1137.
- GALLUT, J., & GRABAR, P. Recherches immunochimiques sur le vibron cholérique; absence de pouvoir antigénique de la substance hypothermisanse de la toxine cholérique. 1139-42.
- CHABBERT, Y., & SUREAU, B. Titrage de la streptomycine dans le sang et le liquide céphalo-rachidien. 1142-5.
- DESAULLES, P., & LAMY, R. Essais de vaccination du cobaye contre la pneumopathie à partir du virus formolé et phéniqué. 1145-50.
- FAGUET, M., & NICOLLE, P. Inhibition de la lyse bactériophagique par la pénicilline; levée de cette inhibition par la pénicillinase. 1150-4.
- POLONOVSKI, J., & COTONI, L. Lyse du pneumocoque par les savons cationiques. 1155-7.
- SCHAEFER, W. Identification sérologique des bacilles tuberculeux du type bovin. 1157.
- No. 12 (Dec.)
- SEGRETAIN, G., & DROUHET, E. Mycose expérimentale à *Torulopsis histolytica*. 1161-6, 2 pl.
- SUREAU, B., & BOYER, F. Inhibition des agents chimiothérapeutiques par des substances anti; applications pratiques au laboratoire clinique. 1167-72.
- VELU, H., & CHABANAS, D. Les erreurs de mesure de la pénicillinémie. 1173-7.
- SEIGNEURIN, R. Cultures retardées par addition de sulfamide influence de l'âge des germes ensemencés. 1178-85.
- BERTRAND, G. Sur une démonstration par voie biologique de l'existence du magnésium et du potassium dans l'eau de pluie. 1186-90.
- VIEUCHANGE, J., & VIALAT, C. Les vaccinations antirabiques à l'institut Pasteur en 1946. 1191-3.

- BUSSARD, A., & EYQUEM, A. Relations immunologiques entre les gonadotrophines chorales humaines et les substances spécifiques de groupes sanguins. 1194-1204.
- PATOCKA, F., & LAPLANCHE, J. Etude des caractères biochimiques de deux espèces de Spherophorus: *Sph. gulosus* et *Sph. mortiferus*. 1206.
- WANG, T. L. Recherches sur le virus de la peste des lapins. 1207-9.

## 6. Biology; Embryology

An. Soc. biol. Bogotá, 1945-47, 2: No. 6 (May)

- MÁRQUEZ VILLEGAS, C. Algunas consideraciones sobre el tratamiento de los queloides. 213-5.
- CHALA H., J. I. Comentarios sobre clasificación de la lepra; manifestaciones dermatológicas y nerviosas del tipo tuberculoso. 216-28.
- JAIME SÁNCHEZ, L. Un caso de corea de Sydenham tratado con éxito por penicilina. 229-34.
- ORDÓÑEZ, J. H., & DUENAS, V. H. Hormona melánica de la hipófisis en clínica. 235-44.
- BARRIGA VILLALBA, A. M., & SORIANO-LLERAS, A. El veneno de las serpientes; Crotalidae (cascabel) y Viperidae (taya). 245-7.

Biol. Zbl., 1947, 66: No. 5-6

- FIRBAS, F., & SAGROMSKY, H. Untersuchungen über die Grösse des jährlichen Pollenniederschlags vom Gesichtspunkt der Stoffproduktion. 129-40.
- SAGROMSKY, H. Ueber einige Bestimmungen des Vitamin B<sub>1</sub>-Gehaltes von Pollen mit Hilfe des Phycomyces-Testes. 140-6.
- HARDER, R., & SPRINGORUM, B. Beobachtungen über Metaplasin- und Bluthormonwirkungen bei Rudbeckia. 147-65.
- DÄRMER, G. Rassenbildung bei Hippophae rhamnoides (Sanddorn). 166-70.
- PFLUGFELDER, O. Geschwulstartige Wucherungen embryonaler Transplantate in Carausius (Dixippus) morosus, nach experimenteller Störung des Hormonhaushaltes. 170-9.
- HARNESCH, O. Zum anaeroben Glykogenabbau wirbelloser Tiere. 179-85.
- SCHILDER, F. A. Probleme und Methoden der Biostatistik I. 186-97.

## 8. Cancerology

Bull. Ass. fr. cancer, 1947, 34: No. 2

- DUCUING, J., & FICAT, P. Les résultats du traitement du cancer du sein. 82-100.
- MOULONGUET, MALLET & CERNÉA. Traitement des cancers du plancher de la bouche et des mandibules. 101-7.
- WALLON, E. Cancers du plancher de la bouche; pronostic et traitement. 108-15.
- DARGENT, M., & PAPILLON, J. Le cancer du plancher de la bouche. 116-52.
- LABORDE, S., & TAILLARD, P. Les cancers du plancher buccal; statistique de l'Institut du cancer. 153-61.
- REVERDY, J., & COURTIAL, J. Le traitement des cancers du plancher de la bouche à la Fondation Curie de 1924 à 1941. 162-76.

- FLORENTIN, P., & GRIMAUD, R. Cancers du plancher de la bouche; statistique du Centre anticancéreux de Lorraine. 177.
- MARTIN, J. F., & DARGENT, M. Tumeur d'un corpuscule carotidien accessoire. 179-87.
- HARTMANN, G. D. Recherches expérimentales sur le traitement du cancer par l'élevation de la fièvre: effet de la tétrahydro- $\beta$ -naphthylamine sur la croissance des tumeurs benzopyrène du lapin et du rat. 188-92.

Krebsarzt, Wien, 1947, 2: No. 11 (Nov.)

- MAHNERT, A. Triasoperation; Neurotomie; Vaso-ligatur; Drüsenausräumung als Kombinationsoperation bei fortgeschrittenem Karzinom des Collum uteri. 473-80.
- WEISS, M. Die Uroroseinprobe als Mittel zur Erkennung und Vorbeugung des Magenkrebses. 480-8.
- MORTTSCH, P. Ein Fall von Karotisdrüsentumor. 489-96.
- HARTMANN, W. D. Die Wirkung von hohen Aussentemperaturen auf das Wachstum von 20-Methylcholanthren-Tumoren der Ratte, und die Wirkung niedriger Aussentemperaturen auf das Wachstum von 1-, 2-, 5-, 6-Dibenzanthrazen-Tumoren bei Mäusen. 496-500.
- VEESCHER, M. B. Physiologische Erwägungen zum Problem der Krebsgenese. 509.
- BRUNSCHWIG, A. Neue Fortschritte in der Behandlung des Pankreaskarzinoms. 510.
- BITTNER, J. J. Die Genese der Vererbung des Mamma-Krebses bei der Maus. 511.

## 10. Chemistry; Physics

Chimia, Zur., 1947, 1: No. 11 (Nov. 15)

- FREY-WYSELING, A. Ueber den Feinbau des Zytoplasmas. 224-8.

J. Chem. Soc., Lond., 1947 (Dec.)

- VAUGHAN, J., & PHILLIPS, L. Thermal decomposition of explosives in the solid phase; the thermal decomposition in a vacuum of certain mono- and di-nitrobenzenediazo-oxides, with a note on the kinetics of thermal breakdown of 2-nitrobenzene-4-diazo-1-oxide. 1560-5.
- CHAKRAVARTI, R. N. Studies in the terpenes; a synthesis of di-2: 3-trimethylcyclohexane-1-carboxylic acid. 1565-8.
- EVANS, W. C., & WALKER, N. The synthesis of  $\alpha$ -amino- $\gamma$ -(p-hydroxyphenyl) butyric acid, a homologue of tyrosine. 1571-3.
- COOK, A. H., HEILBRON, I., & LEVY, A. L. Studies in the azole series; a novel route to 5-aminothiazoles. 1594-8.
- COOK, A. H., HEILBRON, I., & LEVY, A. L. Studies in the azole series; the interaction of  $\alpha$ -amino-nitriles and carbon disulphide. 1598-1609.
- CATCH, J. R., COOK, A. H. [et al.] Syntheses of some amino-acids, including methionine. 1609-13.
- CURD, F. H. S., GRAHAM, W. [et al.] Synthetic antimalarials; some quinolylamino-substituted pyrimidine derivatives. 1613-9.
- DEWAR, E. T., & PERCIVAL, E. G. V. The polysaccharides of carrageen; the Gigartina stellata polysaccharide. 1622-6.

- ATKINSON, C. M., & SIMPSON, J. C. E. Cinnolines; N-oxides of 4-arylcnolines; conversion of 4-substituted cinnolines into indoles. 1649-52.
- SIMPSON, J. C. E. Cinnolines; the alkaline decomposition of some quaternary salts of 4-substituted cinnolines. 1653-6.
- DOUGLAS, B. D., JACOMB, R. G., & KERMAK, W. O. Attempts to find new antimalarials; further derivatives of p-phenanthroline. 1659-61.
- TAYLOR, M. The solubility at high temperatures of pure sucrose in water. 1678-83, pl.
- FONSEKA, E. L. Experiments on the synthesis of cyanomaculins. 1683.
- WALKER, J. The synthesis of 6-methoxyquinolyl (4)ethylamine, 6-methoxyquinolyl(4)propionamide, and 6-methoxyquinolyl(4)ethylguanidine. 1684-7.
- CHALLS, A. A. L., & CLEMO, G. R. Homovanillin. 1692-7.

Manuf. Chem., Lond., 1948, 19: No. 1 (Jan.)

- MICHAELS, I. Evaluation of germicides for commercial and clinical purposes; fallacies and limitations of a phenol coefficient. 5-10.
- DYER, P. F. Statistical quality control in chemical and pharmaceutical production. 14-9.

## 11. Dentistry; Stomatology

J. Periodont., 1948, 19: No. 1 (Jan.)

- HUDACK, S. S. The clinical basis for bone healing. 7-10.
- BOX, H. K. Concerning the pathogenesis of periodontal disease. 11-20.
- LEONARD, H. J. Is reattachment or pocket elimination essential for retaining periodontally affected teeth in health? 21-33.

Rev. odont., B. Air., 1947, 35: No. 11 (Nov.)

- MELLANBY, M., & COUMOULOS, H. La dentadura de los escolares londinenses de 5 años de edad; examen comparativo entre los años 1929, 1943 y 1945. 631-43.
- KING, J. D. Caries dentales; efectos de los suplementos de hidratos de carbono sobre la susceptibilidad de los niños. 643-52.
- CARAMÉS DE APRILE, E. Osteocondroma. 653-7.
- RIVAS, C. I., & CURATELLA MANES, H. Corrección de la micrognatia. 658-62.

Zahnärztl. Welt, Konstanz, 1947, 2: No. 11-12 (June)

- EGLI, A. R. Zementschälung. 145-50, 4 pl.
- STREUER, W. Quincke'sches Oedem infolge dentaler Herderkrankung. 150.
- KRAUS, E. Die Sulfonamide, ihre Wirkung und Anwendung. 151-60.
- WENDELSTEIN, H. Fachliche Grenzfälle. 160.
- LOTZ, E. Eine Stellungnahme zu dem Artikel von Dr. Faust über Das Erkältungsproblem und seine Bedeutung in der Zahnheilkunde. 162.
- BIEBACK, H. Ein Beitrag zur Jodtherapie bei Erkältungskrankheiten. 163.
- HOFFMANN, K. F. Die Hellmethoden nach Sebastian Kneipp. 164.
- WINTER, K. Zur Zahnarzt-Dentisten Frage. 165.

## 12. Dermatology

Brit. J. Derm. Syph., 1948, 60: No. 1 (Jan.)

- LANDOR, J. V. The effect of nutritional disorders on the skin and mucous membranes as observed in the civilian internment camp, Singapore, during the Japanese occupation of Malays. 1-9.
- CARLETON, A., & BIGGS, R. Diffuse mesodermal pigmentation with congenital cranial abnormality. 10-3, 3 pl.
- MEARA, R. H. Skin sensitivity to penicillin preparations. 14-7.
- WIGLEY, J. E. M. Parapsoriasis, retiform variety. 18.
- FORMAN, L. Acne conglobata. 18.
- GORDON, H. W. Pringle's disease (adenoma sebaceum). 19.
- GORDON, H. W. Mycosis fungoides. 19.
- WHITTLE, C. H. Erythema multiforme? 20.
- SCOTT, I. M. Congenital ichthyosiform erythrodermia (Brocq) 20-2.
- GREEN, B., & FREUDENTHAL, W. Myxoedema papulosum. 22-4.
- GREEN, B., & MCKEAN, C. W. F. Sarcoidosis. 24.
- MCKEAN, C. W. F. Epidermolysis bullosa dystrophica. 24.
- JONES, E. C. Seneear-Usher syndrome. 25.

Dermatologica, Basel, 1947, 94: No. 4

- CREMER, G., & PRAKKEN, J. R. Halley's disease (familial benign chronic pemphigus; recurrent herpetiform dermatitis repens) 207-13.
- MELCZER, N., & VENKEI, T. Ueber die Hautformen der Periarthritis nodosa. 214-27.
- BOYMOND, P., & JADASSOHN, W. A propos de la chrysarobine. 228-30.
- DOSTROVSKY, A., & RAUBITSCHKE, F. In vitro studies on a reciprocal growth inhibition exhibited by certain dermatophytes. 231-6.
- WORTMANN, F. Untersuchungen über den Diastasegehalt der Haut und seine Beeinflussbarkeit durch lokale Applikation verschiedener Pharmaka. 237-57.

Glor. ital. derm. sif., 1947, 88: No. 5 (Sept.-Oct.)

- OLIVETTI, L. Ricerche sperimentali sulla attività dei composti antistaminici sulla cute umana. 457-72.
- BORELLI, D. Antistaminici e reattività cutanea. 473-88.
- RIGGIO, T. Non comune reperto di tubercolosi del cavo oro-faringolaringeo. 489-501, 2 pl.
- MUSUMECI, V. Studio clinico e critico sulla lentiginosi centro-facciale. 502-12, pl.
- BERTELLOTTI, L., & BIAGINI, E. Considerazioni su di una non comune forma di tubercolosi indurativa; sarcoida micronodulare ipodermico recidivante e a rapida risoluzione. 513-21, pl.
- RIZZI, V. Ricerche sul liquido di bolla in rapporto alla eliminazione cutanea della penicillina. 522-9, pl.

J. Invest. Derm., 1948, 10: No. 2 (Feb.)

- COPE, E. P., & GROVER, R. W. The use of rutin in hereditary hemorrhagic telangiectasia; case report. 39.

SULZBERGER, M. B., BAER, R. L., & LEVIN, H. B. Local therapy with pyribenzamine hydrochloride. 41.

GARB, J. Mycosis fungoides (granuloma fungoides) tumor stage, responding rapidly to antimony preparations; preliminary report. 43-9.

KLIGMAN, A. M., & ROSENSWEIG, W. A simple quantitative method for the laboratory assay of fungicides. 51-8.

KLIGMAN, A. M., ROSENSWEIG, W. Studies with new fungistatic agents for the treatment of superficial mycoses. 59-68.

DOSTROVSKY, A., GUREVITCH, J., & ROZANSKY, R. A study of the distribution of penicillin in blister fluid after parenteral and topical application. 69-76.

THOMAS, E. W., LANDY, S., & COOPER, C. Reactions to penicillin therapy for syphilis. 77-83.

AARON, T. H., PECK, S. M., & ABRAMSON, H. A. Iontophoresis of pyribenzamine hydrochloride in pruritic dermatoses. 85-90.

## 15. Digestive System

*Gastroenterology*, 1948, 10: No. 2 (Feb.)

KENAMORE, B., LONERGAN, W., & SHY, J. C. Protein hydrolyzate therapy in peptic ulcer; a controlled study. 177-83.

FLCOD, C. A. Recurrence in duodenal ulcer under medical management. 184-99.

DRAGSTEDT, L. R., WOODWARD, E. R. [et al.] Mechanism of the relief of ulcer distress by gastric vagotomy. 200-4.

COLLINS, E. N., & STEVENSON, C. N. Bilateral vagotomy in the treatment of peptic ulcer. 205-15.

SCHWARTZ, I. R. Gastroscopic observations in secondary syphilis. 227-30.

WOLFF, R. The gastroscopic appearance of gastric mucosa before and after vagotomy. 231-3.

SCHENDLER, R. The gastroscopic differentiation of benign and malignant gastric ulcer. 234-50.

WOLFF, S., & WOLFF, H. G. Studies on mucus in the human stomach; estimation of its protective action against corrosive chemicals applied to the gastric mucosa and attempts at quantitation of gastric mucin by two chemical methods. 251-5.

KIRSNER, J. B., LEVIN, E., & PALMER, W. L. Studies on nocturnal and 24-hour gastric secretion during the injection of an enterogastric concentrate in man. 256-73.

LEVIN, E., KIRSNER, J. B. [et al.] Preliminary observations on histamine and insulin stimulated gastric secretion during the injection of an enterogastric concentrate in man. 274-80.

GINSBERG, R. S., FELDMAN, M., & NECHES, H. Effect of odors on appetite. 281-5.

ELLENBERG, M., PEYTON, J. H. [et al.] Ambliosis; observations in 833 cases. 286-300.

BARONOFSKY, I. D. An experimental evaluation of ligation of stomach vessels for peptic ulcer. 301-4.

SHOSHKESS, M. Response of the colonic mucosa to the local application of sympathomimetic and parasympathomimetic drugs. 305-9.

D'ALBORA, J. B., & INGEGNO, A. P. Carcinoid tumors of the small bowel. 310-26.

WIRTS, C. W., jr. Report of a case of carcinoma of the pancreas. 327-31.

## 16. Endocrinology

*Endocrinology*, 1948, 42: No. 1-6.

DORFMAN, R. I. Studies on the bioassay of hormones; the assay of testosterone propionate and androsterone by a chick comb inunction method. 1-6.

DORFMAN, R. I. Studies on the bioassay of hormones; the relative reactivity of the comb of various breeds of chicks to androgens. 7-14.

SEGALCFF, A. The metabolism of some chemical degradation products of estrogens; Westerfeld's lactone, bis-dehydro-doisynolic acid, estriolactone and  $\alpha$ -estradiol. 15-9.

SHERBER, D. A., BIRNBERG, C. H., & KURZROCK, R. Viscosimetric determination of the hyaluronidase content of spermatozoa. 20-5.
